### Determining Your Income

We have included the guide for you to consider. Each of us has to determine what “adjusted annual income” means. One suggestion would be to subtract temporary extra expenditures such as major medical bills or college expenses from your gross income to compute “adjusted annual income”. Support provided to extended family members might be another subtraction. You have the freedom to decide how the chart can guide you in “Pooling your light” to create a vital community.

**Thank you for your generosity!**
