

Multigenerational Potluck Dinner

Celebrating the 40th Anniversary of **Guest at Your Table**

Friday, December 5th, starting at 6:00, Channing Hall

This year's Guest at Your Table theme is food sustainability: ensuring that people have sufficient, affordable, healthy, and culturally appropriate food to eat and that it's produced in a way that doesn't damage the environment.

Bring one of the Haitian dishes, listed at www.uusc.org since Haiti is one of the countries featured in the Guest at Your Table program this year or bring one of your own specialties. Consider using locally produced, organic food. Or you can pay to attend. Sign up in Channing Hall or email Leah Purcell at dre@albanyuu.org

At the dinner, we'll have a few short videos to show about how the Unitarian Universalist Service Committee advances human rights in Haiti and other places through grassroots collaboration. Children and others are invited to decorate their own Guest at Your Table boxes to take home.
